RESPONSE TO 2<sup>nd</sup> RESTRICTION REQUIREMENT

Commissioner for Patents:

In response to the Restriction Requirement dated February 25, 2008, Applicants hereby elect Group IIb, claims 14-17, directed to compositions comprising a neurotrophin and a tetrafluorobenzyl derivative, wherein the neurotrophin is BDNF, to initiate examination. The unifying inventive concept of pending claim 14 is the combination of a neurotrophin and a tetrafluorobenzyl derivative. Upon a determination of patentability of the combination wherein the neurotrophin is BDNF, the Examiner is requested to examine claim 14 generally.

Applicants note that an Information Disclosure Statement (IDS) was submitted to the Patent Office on May 19, 2006. A Supplemental Information Disclosure Statement (Supplemental IDS) was submitted on January 3, 2007. Prior to issuing the next Office Action, the Examiner is respectfully asked to make of record the references in the IDS and Supplemental IDS and return an initialed copy of each of these Statements to the undersigned attorney.

Consideration of the elected claims 14-17 is now requested.

Respectfully submitted,

Seed Intellectual Property Law Group PLLC
